

# Basic Chord Shapes Exercises set 1

Notice that the treble and bass side shapes are the same, just inversed. The note on top of the treble side shape becomes the lowest note on the bass side.

Chapman Stick

Basic Major shapes and their inversions

C.S.

Basic Minor shapes and their inversions Inversions are called Root Position, 1st and 2nd inversions

C.S.

Bass side chords often only need 2 notes

Chords from my arrangement of Sleepwalk by Santo & Johnny
